

Grants, Repossessions & Duplicate Titles

Lenders and title companies use Quick-Serv License Center to streamline the complicated and sometimes frustrating process of issuing and processing grants, duplicate titles and repossessions. With Quick-Serv License Center you choose benefits specifically for your needs at exactly the same rates set by the State of Minnesota.

What Sets Us Apart

Application tracking.

With Quick-Serv, your personal account executive is never more than a quick call away for up-to-date tracking of your applications.

On-site service.

If your offices are in the greater Twin Cities metro area, we will come to you either regularly or on demand. If you are located outside the Twin Cities area we will communicate and track your grants by means of email.

Expert knowledge.

From the convenience of your office, we will comprehensively review grant application documents and identify any areas of concern that may delay title issuance.

Reliable documentation.

You will receive a receipt following every transaction, giving you documentation and details of each transaction.

Personal service.

With Quick-Serv, you always have direct access to your account executive should you have questions related to a particular grant.

Regular updates.

Quick-Serv eliminates the guess work. You will receive weekly updates as to the filing date on which the state is currently working.

For a complete PowerPoint demonstration, visit us online at: www.Quick-Serv.com

**FOR LENDERS &
TITLE COMPANIES**

*Always know the processing
status of your grants,
duplicate titles, and
repossessions
