FOR YOUR INFORMATION:

WisDOT Lien Holder Search Online

WisDOT has a database accessible via their website (<https://trust.dot.state.wi.us/linq/linqservlet?whoami=linqp1>) to verify the release of a lien. The query requires entry of the full vehicle identification number (VIN), as well as completion of a captcha. Although it remains the responsibility of the owner to obtain proper proof of release, if the customer does not have the necessary proof we encourage you to utilize the above website to query the database and print off the resulting webpage. This process only takes a minute and can save time for both you and your customer.
